Substitute the following for

Condition 16(c) of Part I of the booklet of conditions and rates of supply ~~as amended~~.

When a consumer leaves his installation connected to the licensee's mains, but locks up the meter or otherwise makes it inaccessible for reading by the licensee, for the first month of such inaccessibility the consumer will be charged the monthly minimum. If in the next month the meter is accessible for reading the consumer will be charged the actual consumption less the above minimum, but subject to the monthly minimum. If on the other hand the meter remains inaccessible in the second month also the consumer will be served with a 24 Hours' notice (section 20 Indian Electricity Act, 1910) to open his premises for the reading of the meter by the licensee at a fixed time and date; if the meter is now made available for reading, the consumer will be charged the actual consumption less the minimum charged or paid for the first month of inaccessibility, subject to the monthly minimum. If the meter remains inaccessible even after the 24 hours's notice the premises will be disconnected. For that month also the monthly minimum will be charged to the consumer. If the meter is made accessible subsequent to the disconnection for purposes of reading the meter and settling accounts or for re-connection of the service as the case may be, the consumer will be charged the actual consumption less the two minima charged or paid for the two months of inaccessibility subject to the proportionate minimum for period of inaccessibility of the meter upto the time of disconnection. If the consumer applies for reconnection, fees under clause 4 of Part III of the booklet ~~x~~ will be collected before reconnection.
